email: castledentallab@gvtc.com

Please Follow These Simple Instructions To Ensure Accuracy of Return Shipment

1. Completely fill out prescription in its entirety.
2. Carefully package your case, including your prescription, and tape box securely shut. Please follow these steps when packing your case:
    - Place foam on bottom of box
    - Separate models, and secure impressions and Bites
    - Arrange contents in a plastic bag for proper infection control
    - Place foam on top of contents
    - Add prescription
    - Tape box securely shut

To save on shipping, please place multiple cases in box. Separate the cases in plastic bags, and staple prescription to the outside of each bag for accurate identification.

Please call our laboratory with any questions (830) 249-3125
Thank you for your cooperation
